Features

The Slot-in cooktop by Fulgor Milano has inherited the iconic design of the Sofia Professional series.

For those who want a built-in installation, this product (combined with the professional built-in oven) features a combination of solid materials and cutting-edge technologies, ensuring versatile and functional solutions. Distinctive elements with a sure visual effect are the sturdiness of the stainless-steel structure (handcrafted), the continuous grates, bowl with a special matt black enameled finish and the metal knobs.

The high-quality Crescendo Dual gas burners adjustable from 375 to 4500 W (NG), offer infinite adjustment possibilities in all six cooking zones. The cooktop is naturally equipped with a Gas-Stop safety devices.
